Drain Net

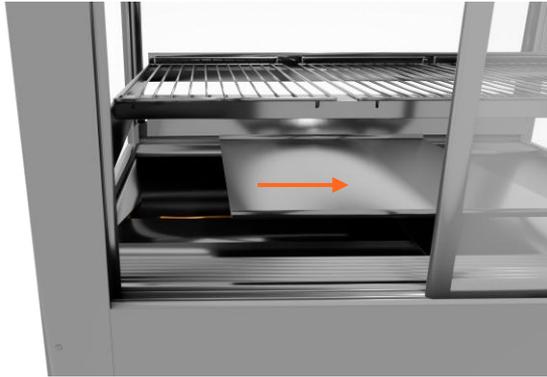

1. Slide the left rear door open

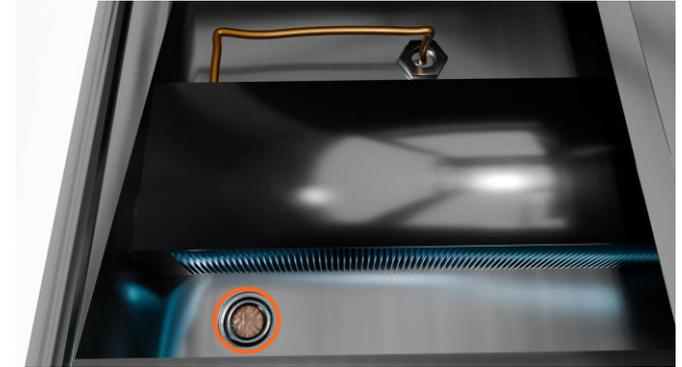

2. Move the base ticket strip off the base trays

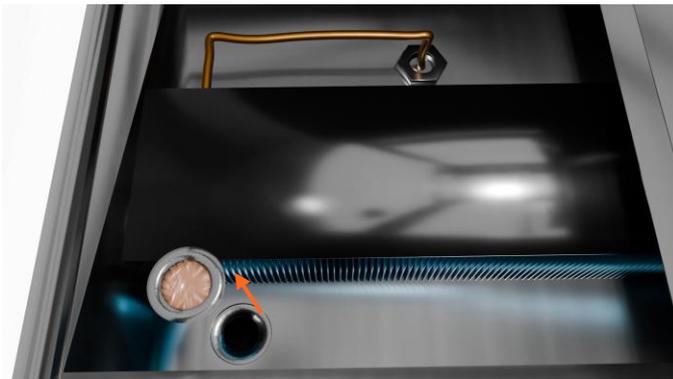

3 ■ Lift and move the base tray to the side

4 ■ The drain is located near the fans at the rear of the cabinet

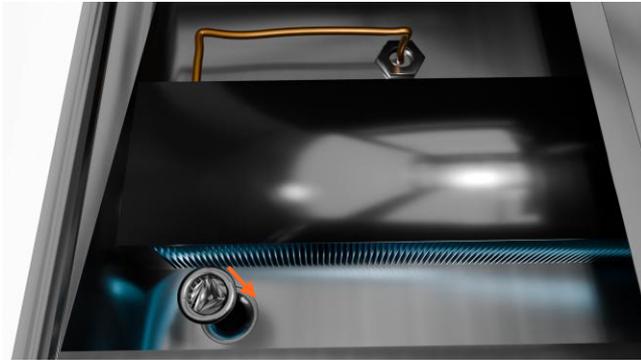

5 ■ Lift the drain net out of the drain

6 ■ Clean the drain net by pulling any debris out of it and rinsing clean in a sink

- 7** ■ Place the, now clean, drain net back into the drain in the cabinet

- 8** ■ Shift the base tray back into position

- 9** ■ Move the base ticket strip back into position on the base trays

- 10** ■ Close the rear doors
